Amazing Amalfi & Notorious Napoli

Campania is a region brimming with culture and history. You will uncover layers of history left behind by ancient Greeks, Etruscans, Samnites, and Romans. You can walk through the remarkably preserved Roman cities of Pompeii and Herculaneum, frozen in time by the eruption of Mount Vesuvius in 79 AD. The entire region is a testament to its past, with numerous UNESCO World Heritage sites, including the historic center of Naples, the most important and strategic Roman port, and the breathtaking Amalfi Coast. A paradise for food lovers, celebrated as the birthplace of the world-famous Pizza Napoletana and home to the delectable mozzarella di bufala. Come and discover the real history with us!
